SPECIFIC REQUIREMENTS

(A) IN ACCORDANCE WITH THE PERMIT APPLICATION AND ITS AMENDMENTS THIS PERMIT IS LIMITED AS FOLLOWS:

Particulate emissions to the atmosphere from the stack (PM-20) venting the baghouse used to control plasma cutting torch (PM-19P) shall not exceed .025 lbm/hr.

(B) OTHER REQUIREMENTS

Plasma torch shall be operated no more than 2,820 hours per calendar year.

GENERAL REQUIREMENTS

(1) Possession of this permit does not relieve any person of the responsibility of complying with any and all applicable rules or regulations of the Commission or any other governmental agency.

(2) The permitted facility must be constructed and operated in accordance with information filed in WVAPCC Permit Application No. 1165. The Director may cancel or suspend a permit if the plans and specifications upon which the approval was based are not adhered to.

(3) At such reasonable time(s) as the Director may designate, the permittee shall conduct or have conducted stack tests to determine compliance with the emission limitations established in the permit application and/or applicable WVAPCC regulations. Tests shall be conducted in such a manner as the Director may specify or approve and must be filed in a manner acceptable to the Director. The Director, or his duly authorized representative, may at his option witness or conduct such stack test. Should the Director exercise his option to conduct such tests, the operator will provide all the necessary sampling connections and sampling ports to be located in such manner as the Director may require, power for test equipment, and the required safety equipment such as scaffolding, railings, and ladders to comply with general accepted good safety practices. For any tests to be conducted by the permittee, a test protocol must be submitted to the WVAPCC by the permittee at least thirty (30) days prior to the test and must be approved by the Director. The Director must be notified at least fifteen (15) days in advance of the actual dates and times during which the tests will be conducted.

(4) THIS PERMIT IS NON-TRANSFERABLE.
